TENDER FOR URGENT REQUIREMENT

Tender ID: HRDP1064DEC 01

Sanjeevani Vikas Evam Jan Kalyan Samiti invites bids from qualified vendors for the supply and delivery of HDPE/Alkathene pipes and essential GI fittings for rural irrigation purposes under the HRDP Project P-1064. The materials are required for the installation of 24 tanks across 12 villages in Theog Block, Shimla District.

Scope of Work & Technical Specifications: Vendors are required to supply high-quality materials as per the following specifications

- **Piping:**
 1. HDPE / Alkathene Pipe: 1 inch (25mm).
 2. HDPE / Alkathene Pipe: 3/4 inch (20mm).
- **Fittings & Accessories:**
 1. **GI Nipple:** 19mm (4 inches long).
 2. **Reducer:** 1 inch to 3/4 inch.
 3. **GI Union:** Available in 3/4 inch and 1 inch sizes.
 4. **Valves:** Brass Gate valves / Ball valves.

Logistics & Delivery Requirements: The vendor will be responsible for the complete supply chain, including

- Transportation from the primary source (e.g., Delhi) to the Sanjeevani Office in Theog/ Bhekhalti.
- Local distribution to 12 designated villages for the 24 tank sites.
- Provision of manpower for loading and unloading.
- Inclusion of any necessary warehousing charges during the distribution phase.

Applicant Criteria:

- **Experience:** Proven reliability in supplying irrigation materials in the Himachal Pradesh region.
- **Comprehensive Quoting:** Bids must include the unit rate for materials, primary transportation, and local distribution costs.
- **Quality:** All pipes and GI fittings must meet industrial standards for rural irrigation durability.

How to Apply:

Interested firms/individuals are requested to submit their expression of interest along with the following documents:

- Company/individual profile
- Details of past projects: Portfolio of previous work, including photographs of similar projects
- Detailed quotation
- Letter of Expression of Interest

Last date for application: 30th December 2025

TENDER FOR URGENT REQUIREMENT

TENDER NO. SVEJKS LICHFL DEC 02

Sanjeevani Vikas Evam Jan Kalyan Samiti invites techno-commercial proposals for the design, engineering, manufacture, and installation of Bolted Zincalume Steel Water Storage Tanks. These tanks are required for rural irrigation projects in Syalde Block, Almora District, Uttarakhand.

Technical Specifications (12KL Tank):

- **Capacity & Dimensions:** Gross capacity of 12.53 KL. Diameter of 2.77m and height of 2.08m.
- **Material of Construction (MOC):** Walls and roof made of corrugated Tata BlueScope Zincalume coated steel sheets (ZA150 MPa 300).
- **Liner & Membrane:** US FDA approved liner (21 CFR 175.300) with a 760GSM PVC reinforced polyester geo-textile membrane (suitable for 6-14 pH).
- **Design Standards:** Must meet Seismic Zone IV protection (IS 1983) and wind protection (IS 875) standards.
- **Roof:** Self-supporting Domed Roof with Hot Dipped Galvanised (HDG) trusses.
- **Standard Accessories:** Includes Inlet/Outlet/Overflow/Drain nozzles (HDG), level indicator, internal/external ladders with safety cage, roof access hatch, and sacrificial anode.

Scope of Work & Installation:

- **Execution:** The contract includes Supply, Installation, and Commissioning.
- **Timeline:** Installation is expected to take 2-3 days per tank.
- **Warranty:** Minimum 36-month warranty against workmanship and material defects.
- **Site Requirements:** Client will provide foundation (as per provided drawings), 4 local laborers for assistance, and electricity for drilling/cutting.

Vendor Criteria:

- **Project Experience:** Vendors must have a proven track record of successfully installing at least 5 similar prefabricated bolted steel tanks.
- **Hilly Terrain Expertise:** Experience executing projects in mountainous regions (specifically Uttarakhand or Himachal Pradesh) is preferred due to the unique logistics of the Syalde Block.
- **Technical Team:** The installation must be performed by a highly skilled team equipped with specialized tools such as torque wrenches, tank jacks, and level gauges.

How to Apply:

Interested nurseries and suppliers are requested to submit their expression of interest along with the following documents:

- Company/Nursery profile and contact details.
- Proof of previous supply experience (with references, preferably in the region).
- Detailed quotation specifying the variety, age, rootstock (if applicable), quantity availability, and total cost of supply and delivery.
- Letter of Expression of Interest.

TENDER FOR URGENT REQUIREMENT

Development of POP (Print Version)

Sanjeevani Vikas Evam Jan Kalyan Samiti, a not-for-profit organization working in the field of inclusive development and livelihood promotion, invites proposals from experienced agencies/consultants for the design and development of POP materials – Print Version for project communication and visibility.

PURPOSE OF THE ASSIGNMENT

The purpose of this assignment is to inform and motivate smallholder farmers, particularly farmers with disabilities, to adopt improved and site-adapted agricultural and horticultural practices through the use of accessible, easy-to-understand printed communication materials.

ELIGIBILITY CRITERIA

- Proven experience in developing POP materials, IEC/BCC content, or print communication for development sector projects.
- Strong portfolio demonstrating work on case studies, success stories, or impact documentation.
- Ability to deliver within agreed timelines and maintain quality standards.

Documents to be Submitted

- Interested agencies/consultants are requested to submit:
- Organization/Consultant Profile
- Relevant Work Experience and Portfolio
- Financial Proposal (inclusive of all costs)
- GST/PAN details

SCOPE OF WORK

The selected agency/consultant will be responsible for:

- Designing and developing POP print materials that clearly present key messages on improved and adapted horticultural cultivation practices.
- Ensuring that all print materials are accessible and inclusive, with specific attention to:
- Use of simple, clear, and reader-friendly language
- Appropriate font size, spacing, and layout
- High-contrast backgrounds for better readability
- Clear visual aids and illustrations to support understanding.
- Field visits to project locations for understanding programme interventions and collecting relevant information.
- Documentation and development of 25 success stories (print version) highlighting project impact, beneficiary journeys, and key outcomes.
- Coordination with Sanjeevani's project team for approvals, feedback, and finalization of materials.

TENDER FOR URGENT REQUIREMENT

TENDER NO. SVEJKS LICHFL DEC 01

Sanjeevani Vikas Evam Jan. Kalyan Samiti invites bids from qualified nurseries and horticultural suppliers for the immediate supply and delivery of premium Apple Saplings to project sites within Syalde Block, Almora District, Uttarakhand. We are seeking reliable partners to ensure the success of our high-value horticulture initiatives.

Scope of Work & Components: Vendors are required to supply and deliver the following specific horticultural stock. The quotation must include the cost of all materials and delivery to the designated location in Syalde Block.

- **Product:** Apple Saplings.
- **Variety:** Gala (or a closely matching, high-demand, high-yielding strain suitable for Uttarakhand's climate).
- **Age of Saplings:** Minimum 2 years old.
- **Quality:** Saplings must be healthy, disease-free, well-rooted, and ready for field transplantation. All stock must be certified and guaranteed as true to type.

Vendor Criteria:

- **Experience:** Proven track record in supplying high-quality, certified apple saplings, particularly to hilly or mountain regions.
- **Certification:** Suppliers must provide necessary certification regarding the variety, age, and disease-free status of the saplings.
- **Logistics:** Capacity for safe, timely, and reliable packaging and delivery of all stock to designated locations within Syalde Block, Almora District, Uttarakhand. Safe transit and material condition upon arrival are critical.
- **Pricing:** Quotation must be comprehensive, clearly including the cost of goods and transportation/delivery charges.

How to Apply:

Interested nurseries and suppliers are requested to submit their expression of interest along with the following documents:

- Company/Nursery profile and contact details.
- Proof of previous supply experience (with references, preferably in the region).
- Detailed quotation specifying the variety, age, rootstock (if applicable), quantity availability, and total cost of supply and delivery.
- Letter of Expression of Interest.

TENDER FOR URGENT REQUIREMENT

Tender ID: HRDP1064THEOG 01

Sanjeevani Vikas Evam Jan. Kalyan Samiti invites bids from qualified contractors and labour groups for the installation, labour work, loading, and unloading associated with the fitting of Alkathene pipes and plumbing accessories for water supply systems in Theog Block, Shimla District, Himachal Pradesh. We are seeking reliable and experienced teams for the execution of this crucial infrastructure work.

Scope of Work & Technical Specifications: The scope of work is for the professional and timely installation and associated labour for the following materials and activities per tank site:

- **Installation of Alkathene Pipe Network:** Fitting of Alkathene Pipe Roll 1-inch, Fitting of Alkathene Pipe Roll 3/4-inch.
- **Plumbing Item Installation:** Fitting of all related plumbing accessories, including Union 3/4-inch, Water Controller 3/4-inch, Tank Nipple 3/4-inch, and Reducer (of specified sizes).

Logistics Labour:

- All necessary Labour work for installation.
- Loading & Unloading of materials (pipes, plumbing items, and other related components) per tank site.

Commercial & Payment Terms

- **Quotation Basis:** Bids must specify the comprehensive pipeline fitting cost (labour only) for the entire scope of work, clearly detailing the charges for fitting, loading, and unloading per tank site.
- **Transportation Cost:** Transportation Cost (Local) per Tank will be paid on an actual basis by the client, but the quotation should confirm the contractor's capacity to manage transportation logistics.

Applicant Criteria:

- **Experience:** Proven track record in undertaking pipeline installation and plumbing work, particularly for water supply and irrigation projects in hilly terrain.
- **Manpower:** Availability of a skilled and reliable labour team capable of executing the work efficiently and safely.
- **Quality of Workmanship:** Commitment to ensuring all fittings and installations are secure, leak-proof, and compliant with relevant standards.

How to Apply:

Interested firms/individuals are requested to submit their expression of interest along with the following documents:

- Company/Group profile and contact details
- Proof of previous project experience (with references, preferably in Himachal Pradesh)
- Detailed quotation clearly stating the lump-sum labour and fitting cost per tank site for the complete scope of work.
- Letter of Expression of Interest

Tender ID: HRIDAYSAN 01

Sanjeevani Vikas Evam Jan. Kalyan Samiti invites bids from qualified vendors for the supply and installation of a complete Poly House Structure with a Micro-Irrigation System in Syalde Block, Almora District, Uttarakhand. We seek experienced contractors to deliver a complete, high-quality, and structurally sound poly house as per the detailed specifications below.

Scope of Work & Technical Specifications: Vendors are required to supply and install a complete Poly House structure (Size: 9 x 6.6 meters) with the following specifications:

- **Size:** 9 x 6.6 meters, **Vertical Post/Pole Size:** 85 mm & 62 mm diameter, **Roof Horizontal Purlin Size:** 40 mm diameter, **Shape (Roof):** Even Span, **Height:** 2.75 meters (Centre) and 1.65 meters (Side), **Door:** 1.80 meters X 1 meter, **Window/Ventilation:** 1 X 0.6 meters or side Rolling sheet fixed with 40-60 Mesh Nylon insect net, **Fixing Material:** Hot dipped Galvanized steel wire and nails.

Covering Material (Poly Sheet):

- **Type:** Clear Transparent, UV stabilized, **Thickness:** 200-micron 120 GSM minimum, **Properties:** Light Transmission 86%, Diffuse Light Transmission 63%, Thermicity 32%, Antivirus, Anti-dust, Anti-drip/Fog, Antisulfur, Resistance to Agriculture Chemicals. **Nylon Net:** UV stabilized, 40 Mesh.

Micro-Irrigation System:

- **Main fitting line:** HDPE 8PSI 25mm, **Lateral line:** 19mm, **Distribution line:** 16mm, **Drip line:** 12mm with emitter 1.5 ltr. - 3 ltr./h, distribution, and flush valve as required.

Applicant Criteria:

- **Experience:** Proven track record in undertaking construction and installation of Poly Houses and Micro-Irrigation Systems in Uttarakhand.
- **Quality & Standards:** Ability to deliver a structurally sound and specification-compliant Poly House.
- **Timely Execution:** Capacity to complete the project within the stipulated timelines.

How to Apply:

TENDER FOR URGENT REQUIREMENT

Sanjeevani Vikas Evam Jan Kalyan Samiti, a not-for-profit organization working across India for inclusive rural development and livelihood enhancement, invites sealed quotations/applications from qualified and experienced vendors/firms for the supply, installation, and commissioning of a 3 HP Solar Water Pumping System, including borewell drilling and related works, at project sites in Sulah Block, District Kangra, Himachal Pradesh.

ELIGIBILITY CRITERIA

- The vendor must have prior experience in the supply and installation of solar pumping systems or similar renewable energy projects.
- Must hold valid registration, PAN, and GST certificates.
- Must have adequate technical capacity, manpower, and equipment to complete the installation within the stipulated time frame.
- Preference will be given to vendors registered with MNRE or State Renewable Energy Agencies.

Documents to be Submitted

- Interested vendors/firms should submit the following documents:
- Company Profile with registration details
- Copy of PAN and GST Registration Certificates
- Experience Certificates for similar completed work
- Technical and Financial Quotation (Item-wise cost breakup)
- Product Warranty details and After-Sales Service Commitment

TECHNICAL SPECIFICATIONS

1. 3 HP Solar Water Pumping System (AC/DC Submersible Type)
 - 3 HP AC/DC Submersible Pump-Motor Set (V4, Head – 100m)
 - 3 HP VFD Controller
 - 335 Wp × 9 Nos. Solar PV Modules
 - Movable GI Structure with Base Plate
 - Nut-Bolts, J-Hooks
 - MC4 Connectors and DC Cables
 - Complete Earthing Kit
2. Borewell Drilling and Installation Work
 - Drilling of 152 mm diameter bore using ODEX method, suitable for collapsible strata, conglomerates, boulders, pebbles, gravels, silt, and clay.
 - Inclusive of all attachments, consumables, bits, and water.
 - Supply and installation of 125 mm internal diameter, 5 mm thick fin-cut MSERW casing as required for ODEX drilling.
 - Borewell development and installation of column pipes, including all materials and accessories.

TENDER FOR URGENT REQUIREMENT

TENDER NO. SVEJKS BMZ OCT 02

Sanjeevani Vikas Evam Jan. Kalyan Samiti invites bids from qualified and experienced external experts/consultants to develop comprehensive, multi-year business plans for two planned Farmers Producer Organisations (FPOs). This vital activity aims to secure the long-term profitability and economic existence of both groups in Almora District, Uttarakhand

Scope of Work & Components: The assignment requires the development of two region-adapted economic plans that will stabilize profitability and gradually expand marketing and extension activities for smallholder farmers. The plans must encompass the operation of the FPOs' planned infrastructure: six collection points, the cold store, and two sales outlets.

Key aspects to be included in the plans:

- **Financial Analysis:** Break-even analysis, projection of economic development for individual branches, and profit expectation (including expected interest, depreciation, and amortisation).
- **Market Strategy:** Analysis of demand (including customer segmentation), and plans for the gradual expansion of marketing activities.
- **Risk & Contingency Management:** SWOT analysis (strengths, weaknesses, opportunities, and threats), identification of potential risks, and the development of contingency management plans in the event of unexpected crop failures or the collapse of demand.
- **Sustainability:** Analysis of further financing possibilities and potential expansion of business volume.

Implementation and Training:

After the two business plans are approved, the consultant must conduct a three-day training session on the concrete implementation of the recommendations. The training will initially involve 10 selected representatives from both FPOs and three members of the project team. The trained representatives will then cascade the recommendations to the wider producer groups.

Vendor Criteria:

- Proven experience in developing multi-year business plans and economic models for agricultural or farmer-based organisations, preferably FPOs.
- Expertise in financial modeling, market analysis, and developing contingency/crisis management plans.
- Capacity to deliver effective training on the implementation of business strategy.

How to Apply:

Interested firms/individuals are requested to submit their expression of interest along with the following documents:

- Company/individual profile
- Proof of previous experience
- Detailed quotation for all components
- Letter of Expression of Interest
- Relevant Work Experience Certificate from past organizations/companies

Please email your tender/EOI: procurement@sanjeevaningo.org

TENDER FOR URGENT REQUIREMENT

TENDER NO. SVEJKS BMZ OCT 01

Sanjeevani Vikas Evam Jan. Kalyan Samiti invites bids from qualified and experienced consultants/ firms to conduct a comprehensive Market Assessment & Value Chain Study for selected horticulture products, conduct an Urban Household Consumption Survey, and develop a long-term Marketing Plan to support a four-year development project in Almora District, Uttarakhand

Scope of Work & Components: The consultant is required to deliver a multi-faceted study focusing on market development.

Market Assessment & Value Chain Study (Focus on Long-Term Strategy):

- Conduct a market study planned for the fourth year of the project to prepare for marketing larger surpluses outside the project area.
- Address the management of a complete marketing chain, including the establishment of a cold chain.
- Analyze geographical characteristics, demand development, and consumer price behaviour.
- Identify strategies for the reduction of post-harvest losses.
- Explore possibilities of promotion using new media.
- Identify the nearest potential markets and gain relevant information on market strategies such as customer segmentation and sales through wholesalers.

Urban Household Consumption Survey:

- Conduct a detailed survey in urban areas on the consumption of horticulture products to understand current demand and preferences.

Marketing & Project Integration Plan:

- Develop a marketing plan that aligns with the project phases:
 - Years 1-3: Focus on building knowledge and production capacity; surplus produce will be sold within the project area.
 - Year 4 onwards: The plan must detail the strategy for marketing larger surpluses outside the project area, requiring great care and a high degree of organisation due to the short shelf life of fruit and vegetables.

Vendor Criteria:

- Proven experience in agricultural value chain studies, market research, and household consumption surveys, specifically for perishable goods (fruits and vegetables).
- Strong background in developing long-term marketing and cold chain strategies.
- Expertise in data collection, statistical analysis, and comprehensive report writing.

How to Apply:

Interested firms/individuals are requested to submit their expression of interest along with the following documents:

- Company/individual profile
- Proof of previous experience
- Detailed quotation for all components
- Letter of Expression of Interest
- Relevant Work Experience Certificate from past organizations/companies

TENDER FOR URGENT REQUIREMENT

Sanjeevani Vikas Evam Jan Kalyan Samiti is inviting qualified vendors/entrepreneurs to submit Business Plans for the operation and management of two retail outlets and one pickup van under the SEWOH Project. The initiative aims to promote local produce, processed goods, millets, mushrooms, pickles, and other regional specialties, strengthening rural livelihoods through inclusive and sustainable enterprise models.

SCOPE OF WORK & COMPONENTS:

Vendors are expected to:

- Operate two retail outlets showcasing and selling local and FPO-based products.
- Manage a pickup van for product collection from farmers and FPO collection centers to outlets.
- Develop and implement a business plan covering supply chain, marketing, financial management, and sustainability strategy.

Eligibility Criteria

- Proven experience in running outlets, agri-business, or cooperative-based enterprises.
- Commitment to inclusive employment and sustainable business practices.

APPROACH

- Interested vendors/organizations are requested to submit:
- Company/Individual profile
- Proof of relevant experience
- Detailed business plan as per components listed
- Financial proposal and contribution details
- Letter of Expression of Interest

KEY COMPONENTS OF THE BUSINESS PLAN

- **Business Concept & Strategy:** Location rationale, product mix, branding, and customer profile.
- **Supply Chain & Procurement:** Sourcing from farmers/FPOs, storage, hygiene, and quality control.
- **Marketing & Promotion:** Local and digital visibility, customer engagement, and branding as per SEWOH/FPO guidelines.
- **Human Resource Plan:** Inclusion of women and persons with disabilities, capacity building, and fair employment.
- **Financial Plan:** Startup and operational costs, revenue projections, and vendor contribution.
- **Record Keeping:** Transparent accounting and reporting system.
- **Sustainability Plan:** Long-term viability and eco-friendly practices.

TENDER FOR URGENT REQUIREMENT

Sanjeevani Vikas Evam Jan. Kalyan Samiti invites bids from qualified artists and specialized firms for BaLA Painting services focused on the beautification and educational enhancement of Anganwadi centre walls. We are seeking creative partners to transform these spaces using visuals that promote joyful learning and healthy practices in Theog Block in Shimla District in Himachal Pradesh.

Scope of Work & Components: Vendors are required to execute comprehensive BaLA Painting, focusing on educational and child-friendly visuals:

- **Objective:** Beautification of Anganwadi walls through educational and child-friendly visuals to promote joyful learning.
- **Content Focus:** Wall paintings of alphabets, numbers, animals, local cultural symbols, hygiene practices, and other foundational educational concepts.
- **Implementation:** Murals must be designed to be engaging, colorful, and easily understood by young children.
- **Materials:** Use of high-quality, durable, non-toxic, and child-safe paints suitable for long-term display and high-traffic areas.

Eligibility Criteria:

- **Experience:** Proven track record in executing similar BaLA or educational mural painting projects in schools or early childhood centers.
- **Artistic Quality:** Ability to translate educational concepts into visually appealing, durable, and child-friendly murals.
- **Timely Execution:** Capacity to complete the painting work within the stipulated timelines.
- **Safety:** Strict adherence to safety standards and use of child-safe materials.

How to Apply:

Interested firms/individuals are requested to submit their expression of interest along with the following documents:

Tank Specifications:

- » **Model:** ZT 5kl | Capacity: 5.5 KL
- » **Material:** Corrugated Zincalume-coated steel sheets (Tata Blue Scope ZA150)
- » **Liner:** US FDA-approved PVC (760 GSM, pH 5-14 compatible)
- » **Design Standards:** IS 1983 (Seismic Zone IV), IS 875 (Wind Load)
- » **Dimensions:** 1.84m (Dia) x 2.08m (H)
- » **Roof:** Self-supporting domed with MS-HDG trusses
- » **Accessories:** Inlet/outlet nozzles, ladder, level indicator, air vent, etc.

Scope of Work:

- » Supply of tanks as per specifications
- » Installation & commissioning (foundation included)
- » Warranty: 24 months against manufacturing defects

Vendor Requirement:

- » **Company/Individual Profile:** A comprehensive profile of the company or individual.
- » **Proof of Previous Experience:** Documentation showcasing prior experience in similar projects.
- » **Detailed Quotation:** A thorough and itemized quotation for the proposed services.
- » **Details of Past Projects:** Specific information about previous projects, highlighting relevant experience.
- » **Installation and Experience Criteria:** Evidence of capability in installation and past experience.

How to Apply:

Interested firms/individuals are requested to submit their expression of interest along with the following documents:

- » Company/individual profile
- » Proof of previous experience
- » Detailed quotation
- » Details of past projects

TENDER FOR URGENT REQUIREMENT

Sanjeevani Vikas Evam Jan. Kalyan Samiti invites Expression of Interest (EOI) from qualified and experienced vendors for the construction of High-Density Polyethylene (HDPE) Tanks under our community development initiative in Betalghat Block, Nainital District, Uttarakhand.

Overview: We are seeking expressions of interest from credible and experienced vendors for the supply and installation of High-Density Polyethylene (HDPE) Tanks in Betalghat Block. The project aims to enhance water storage infrastructure in rural areas, ensuring durability and sustainability. Interested firms with experience in HDPE tank fabrication & installation are encouraged to apply.

Specifications:

- » **Material:** UV-resistant, high-grade HDPE
- » **Weight:** 420 GSM (Grams per Square Meter)
- » **Thickness:** 500 Micron
- » **Dimensions:** 21 ft. (Length) x 25 ft. (Width)
- » **Standards:** IS/BS or equivalent quality certifications

Scope of Work:

- » Site preparation (leveling, foundation work if needed)
- » Procurement and Supply of all materials.
- » Construction of tanks.
- » Anchoring/securing tanks to prevent displacement
- » Testing for leaks and structural integrity

Eligibility Criteria:

- » Have proven experience in installation of HDPE tanks.
- » Demonstrate capacity to meet the technical and quality specifications.
- » Maintain a team of qualified technical support personnel.
- » Present a history of customer satisfaction and reliability.

How to Apply:

Interested firms/individuals are requested to submit their expression of interest along with the following documents:

- » Company/individual profile
- » Proof of previous experience
- » Detailed quotation
- » Details of past projects

Please email your tender/EOI: @ procurement@sanjeevaningo.org.

TENDER FOR URGENT REQUIREMENT

Sanjeevani Vikas Evam Jan Kalyan Samiti invites sealed bids from qualified and experienced suppliers for the supply and delivery of Solar Light Traps as per the specifications provided below, in Bhikiyasen and Salt Block, in Almora District, Uttarakhand.

Technical Specification

- **Solar Panel:** 10-watt solar panel with high efficiency for charging the battery
- **Battery:** Li-Ion Battery with a minimum capacity to support 8 hours of operation.
- **UV Light:** UV LED lights for attracting pests.
- **Working Time:** Automatic operation: 5 hours after sunset and 3 hours in the morning
- **Stand:** Extendable stand with a minimum height of 2 meters for optimal placement.
- **Insect Trap Tray:** Detachable tray for easy collection and disposal of pests
- **Automatic Switch:** Automatic on/off functionality based on sunset and sunrise timings
- **Durability:** Weather-resistant and durable design suitable for outdoor use

Scope of supply

- **Solar Light Trap Units** (as per the above specifications).
- **Installation Guidelines** (if required).
- **User Manual** for operation and maintenance.
- **Warranty Certificate** as per the clause below.

Warranty Clause:

The supplier must provide a minimum warranty of 1 year for the entire system, including the solar panel, battery, UV LED lights, and other components. The warranty shall cover:

- **Defects in manufacturing or materials.**
- **Malfunctioning of automatic switch or battery.**
- **Replacement of faulty components.**

Vendor Criteria:

- **Experience:** Vendors must provide proof of experience in supplying similar Solar traps, equipment and valid certifications.
- **Quotation:** Detailed quotations must include product specifications, warranty details, and delivery timelines.
- **Compliance:** All equipment must meet the specified configurations, be brand new, and include the original manufacturer warranty. The supplier must provide certificates of compliance with relevant quality standards (e.g., ISO, BIS).

Required Documents:

- Letter of Expression of Interest,
- Detailed Quotation,
- GST Certificate (if applicable),
- Copy of Bank Passbook or Cancelled Cheque,
- Relevant Work Experience Certificate from past organizations/companies
- Delivery Note of previous work.

TENDER FOR URGENT REQUIREMENT

Sanjeevani Vikas Evam Jan Kalyan Samiti invites Expression of Interest (EOI) from qualified vendors to install state-of-the-art Cold Storage & Solar-Powered Refrigeration System in Bhikiyasen Block of Almora District.

Technical Specification - Cold Storage System

- **Internal Volume:** 1800 CFT
- **Insulation:** 100 mm PUF with 0.4 mm PPGI sheet (walls & ceiling), 80 mm PUF + Bitumen sheet + Kota stone flooring
- **Doors:** 6 ft x 3 ft, 100 mm PUF, 0.4 mm PPGI sheet, inbuilt lock, and PVC curtain
- **Temperature Range:** 2 to 20 °C
- **Equipment Room:** Lockable space for refrigeration, control panels, and batteries

Technical Specification - Solar System

- **Solar Panels:** 10.9 kWp, Mono-crystalline
- **Batteries:** 36 V 200 Ah, 10% discharge rating
- **Structure:** Galvanized iron, 11-degree tilt, rated for 150 kmph wind load
- **Integration:** Single solar output string powers compressor and batteries simultaneously
- **Alternate Power Supply:** 1 phase 7 kVA, automatic changeover

Technical Specification - Refrigeration System

- **Compressor:** 5 TR, Variable speed
- **Condenser & Evaporator:** Copper tube & aluminum fin, SS304 sheet metal
- **Airflow:** 3000 CFM
- **Fans:** Brush-less axial fans
- **Refrigerant:** Zero ODP

Technical Specification - Refrigeration System - Capacity: 400 MJ; **Phase Change Material:** 1500 L; **Configuration:** External to cold room, stops cooling when not required

Warranty Clause:

The supplier must provide a minimum warranty of 5 year for the entire system: **Defects in manufacturing or materials, Malfunctioning of automatic switch or battery, Replacement of faulty components.**

Vendor Criteria:

- **Experience:** Vendors must provide proof of experience in supplying similar Cold Storage & Solar-Powered Refrigeration System valid certifications.
- **Quotation:** Detailed quotations must include product specifications, warranty details, and delivery timelines.
- **Compliance:** All equipment must meet the specified configurations, be brand new, and include the original manufacturer warranty. The supplier must provide certificates of compliance with relevant quality standards (e.g., ISO, BIS).
